

TCAT Upper Cumberland Cost Sheet 2026-2027 Building Construction Technology

INCLUDE GENERAL PROGRAM INFORMATION HERE: The mission of the Building Construction Technology is to provide theory and hands-on training that will qualify students for employment or advancement in building construction. The Building Construction Technology Program provides the student with the fundamentals of carpentry and block and brick laying. Instruction methods include classroom lecture, audio-visuals and extensive live work projects on actual construction projects.

All book and supply costs are estimates and subject to change without notice.
