

TCAT Upper Cumberland Cost Sheet 2026-2027

Masonry Technology

The mission of the Masonry Technology program is to provide theory and hands-on training that will qualify students for employment or advancement in the masonry industry. The Masonry program is composed of three major segments: Block, Brick, and Stone Laying. The first trimester covers the basic skills required to be an effective block or brick mason. The second trimester provides training and practical experience in laying various types and sizes of block. The third trimester is focused on brick and stone laying techniques.

All book and supply costs are estimates and subject to change without notice.
